OFFICE NOTE.

SUBJECT. Regarding the alienation ~~and exchange~~ of lands required for the water-supply project of the Kolar town.

LAST REFERENCE Letter No. 417-64 dated 27 April 1901. - from the Dy: Commr:, Kolar Dt.

R.O. 505 / 6028 27-11-1901.

In November 1897, the Secretary to Government, P. W. D., having obtained the approval of the Durbar, for the acquisition of lands in connection with the water-supply to the Kolar town, submitted for publication in the Gazette a declaration under the Lands Acquisition Regulation, No. VIII of 1894 for the acquisition of certain lands in the Chamdinchalli and Ammanchalli villages of the Kolar Taluk.

2. On 8th April 1899, the Dy: Commissioner

Rao Sahib, submitted a declaration for the acquisition of certain lands liable to submersion owing to the improvement of the Madumahalli tank for the supply of water to the Kolar town, in the Madumahalli, Chikkamadumahalli and Kapisiddamahalli villages of the Kolar Taluk.

Pro. No. 5263-4 dt. 16-12-37.
R. 1026

3. The above declaration was published in the Gazette.

Pro. No. 761 dt. 24-4-38.
R. 3460

The Dy. Commr., Kolar, was also authorized, in the marginally noted Pro., to take order for the acquisition of lands therein referred to.

4. The above water supply project led to the raising of the waste-weirs of the Channamahalli and Madumahalli tanks to 6 feet. The Dy. Commr., Kolar, states that, by raising the waste weirs of these two tanks, 83 acres and 23 guntas of land as shown in the margin have become unfit for cultivation owing to submersion.

(x)

Village	Extent a. g.
Chikkamadumahalli	30-36
Kapisiddamahalli	7-16
Madumahalli	5-16
Chowdamahalli	39-39
Channamahalli	0-36
	83-23

5. Three questions are involved

in

(3)

No. 117/649 dt. 21-4-50.
from D. Collr.

in the connection:-

(1) The writing off the assessment on lands pending unfit for cultivation.

(2) Declassification of certain lands under the Land Revenue Act.

(3) Grant of lands in exchange for Inam lands taken up for the purpose.

Regarding question No. 1.

A-5
83-23 of lands as shown in the above paragraph ~~of the memorandum~~ stated to have become unfit for cultivation owing to submersion. The Dy. Commr. requests ~~that~~ sanction to the assessment on these lands being written off. The opinion of a responsible D.P.W. Officer as to the advisability or otherwise of writing off the assessment, pending the assessment on these lands has not been obtained and submitted.

Regarding question No. 2.

It is stated by the Dy. Commr.

that, to minimize the heavy outlay in respect of the payment of compensation and to guard against the total loss of revenue upon the garden land and wet lands below the Annamalli and Madumalli tanks, the S. E. R. Secretary, suggested in his letter No 881 dated 13-2-34. that the ryots may be influenced to retain their lands on clay scale of assessment and to accept light compensation therefor and that Rs 3,24,7-3-4 were accordingly paid to the land-holders as compensation for the conversion of wet and garden into clay and for the full relinquishment of lands below the tanks as well as those submerged in the beds. The extent of lands to be converted from garden & wet into clay is shown below:-

Village.	Extent a-g.	Assessment Rs as ps.
Annamalli tank.	= 34-38	= 626-2-0.
Madumalli tank	= 16-32	= 265-4-0
Total	= 51-4	= 892-0-0.

(5)

Nature of Inam	Extent A-G.
La Cavar (Service)	= 4-27½
Kaiguthi — do —	= 2-36½
Toti — do —	= 2-30½
Lohar — do —	= 0-18½
Maraya — —	= 9-18½
Devadaya —	= 3-4½
Bhoi —	= 0-30½
Fakir —	= 0-32½
	27-30½

The Dy: Commissioner requests sanction to the Lands being reclassified as dry.

Regarding question no 3:-

27 acres and 30 guntas of Lands as particularized on the margin are proposed to be granted as Service Inams in lieu of 23 acres bearing an assessment of Rs 57-11-0 Inb. -merged and for which no consideration is paid. The Lands recommended to be granted in lieu of original Inams are mostly Govt assessed waste excepting Survey no 32 of the Chowdadandalli, which is garden. It is stated that the villagers have no objection to the grant of A-S 2-32 out of this garden as Service Inam. The Dy: Commr requests sanction to the grant as Inams of these lands in exchange.

(6). The extent of 36 guntas out of Survey no 142 of the Chowdadandalli village

were not included in the
alienation statement while
its acquisition ~~for the purpose~~
has not been published in
either of the two notifications.
It is stated in the Executive Engineer's
that it was subsequently
taken up for the water supply
project.

(7) A sketch showing the Madura-
-kalli tank and lands
liable to submersion is also
submitted. A similar sketch
for the Ammerakalli tank
has not been sent up. May
the Govt. Commr. be asked to
submit a sketch showing
the canton lines of the two
tanks and also the lands
liable to submersion therein
-under. &

submitted.

27/5/31 The sketch now
sent is signed by the
Exc: Engineer Kolar Dn.
One sketch showing
both the tanks and all
the lands concerned
may be called for -

Inquire whether
this was not included
in land to be
acquired for
from

and the lands to be
reclassified

(7)

It may be obtained from the Ele Engineer the Contour line should be clearly indicated & the submitted to Secretary

V
25/5/01

Why should a simple sketch be required for both Banks. Are they Contiguous?

This Sketch & further ~~enquiries~~ may be called for. -

~~Office note-Contd~~

In reply to the enquiry regarding the 36 guntas of land referred to in para 6 of this note, the Dy: Commr, states that the land was not acquired under the Land Acquisition Act as the Kiratedar consented to part with it on payment of

confirmation of the 63-4-4 and
that it was lately required.

The Rg. Commr has submitted

(1) Sketch showing the submersion of lands below Ammenkalli tank;
(2) —do— below Maderkalli tank;

} To be found among the Recd: Records submitted

(3) Sketch showing lands proposed to be reclassified below Maderkalli tank and
(4) Sketch showing lands proposed to be reclassified below Ammenkalli tank.
